## ESSENTIAL

### A new cost-effective coax cable range from Inverto

You know FTA Communication Technologies S.à r.l. for our expertise in DTH Out Door Units (ODU) and Broadcast equipment. We are now putting all our experience behind the expansion of the Inverto portfolio in launching a full range of cost-optimized Coax and Ethernet cables.

Issue 02 / 2020

---

Our new Inverto Essential COAX cable product family offers a wide range of double or triple shielded coaxial cables to complement and complete the offering of our existing **Ultra**, **Premium** & **Home Pro** cable families.

Dedicated to Cable, DTH operators and Internet Service Providers, FTA aims to support customers with a full cost-effective set of products that can be tailored and customized for any application:

- Dishes, LNB
- Multiswitch
- Hospitality Headend
- Coax TV 75 Ohms cables
- CCTV & CATV Cables
- Network cables (Cat5, Cat6 & Cat7)

# TECHNOLOGY

Together with Zhejiang ShengYang Science and Technologies, a global leading cable manufacturer and mother company of FTA, we provide full cable expertise to meet all your needs:

- Warehouses located in China and Europe
- European quality control process
- Special customized cables that satisfy customer requests and in particular:
  - 75 Ohm Coaxial Cable: RG59, RG6 & RG11 (ANSI/SCTE/EN50117)
  - 50 Ohm Coaxial Cable: RG58, RG100, RG174, RG195, RG200, RG213, RG240, RG316, RG400, and others.
  - Category Cable: CAT3, CAT5e & CAT6 (EIA/ANSI/TIA 568-C.2 verified), CAT 6a & CAT 7
  - Fire Alarm (FPL, FPLR) & Security Cable (CCTV)
  - Jumper Cable and Patch Cords
  - Specialty Wire: thermostat, landscape, speaker wire & others...

We at FTA carefully select cables, connectors and tools with a view to simplify your choice for optimal installations and to ensure a crystal-clear TV picture.

We utilize 9 manufacturing facilities for cable production located in the Shaoxing ecological sector park, in the northern region of the Zhejiang province of China.

Buying your Inverto-branded cable is a guaranty to get the optimized lead-time delivery, and best price/quality ratio.
